# How To Use This Trip Planner

This *Trip Planner* covers four regions: Ontario's Near North, Rainbow Country, Algoma Country and James Bay Frontier.

Each region is presented separately, and each section begins with a brief overview of the region. The name, address and telephone number of the Travel Association are also provided.

Each region's attractions are presented as a whole, listed alphabetically by community; then the region's accommodations are listed, followed by its campgrounds, likewise listed alphabetically according to the closest community.

To give you a more complete picture of the province, we've included highlights throughout each region. These include stories from history, in-depth descriptions of attractions, facts about nature and interesting splashes of local colour. We hope you enjoy them.

If you're looking for a particular community, campsite or accommodation, the index at the back of the *Trip Planner* will help you.

## ATTRACTIONS

A brief description of each attraction includes information on its location, hours and rates of admission. We've included a telephone number—although the information supplied to us was deemed correct at time of publication, changes can occur—we recommend you call ahead before making a special trip.

Here is a typical Attractions listing.

## What to do in Ontario?

In a word—Everything!

This huge, colourful, friendly and diverse place is a traveller's dream. From the southwest, Canada's southernmost area, to the north, there are a dozen fascinating regions, each one different, with countless sights to see and activities to enjoy. You *really* can do everything!

In Ontario.

## Where to stay?

Ontario's network of accommodations includes everything from simple motels or rustic cottages to luxurious full-service resorts, and a whole range of hotels with every amenity. Many of Ontario's beautiful provincial parks provide excellent camping facilities, some full-service, others primitive, isolated and only water-accessible. There are also many excellent private campgrounds around the province with a variety of facilities and services.

Whatever kind of trip you're planning—whether it's a big-city luxury weekend, touring the regions, a relaxing resort vacation or a wilderness excursion—we've got just the place for you to stay.

# Some Facts About Ontario

## Who and where we are

A diversity as huge as the province itself awaits the visitor to Ontario. From its sophisticated modern cities to the vast, untouched wilderness; from the carefully tended vineyards of Niagara to the rugged northern forests; from some of the world's hottest shows to peaceful lakes where the call of the loon is the only music—it's all found in Ontario.

Canada's second-largest province covers 1.068 million square kilometres (412,582 square miles) stretching over 1,700 kilometres (1,056 miles) from its most southerly point, on the same latitude as northern California, to the Arctic waters of Hudson Bay, and 1,600 kilometres from west to east. The word "Ontario" is thought to mean "beautiful waters" in the original

Iroquoian—and it couldn't be a more appropriate description! While over 70 per cent of the province is covered by forests, 20 per cent is comprised of water, with over 250,000 lakes, gouged into the rock of the Canadian Shield by the last ice age. Hundreds of kilometres of shoreline on four of the Great Lakes offer numerous recreational opportunities, from the rugged beauty of Lake Superior in the north, or the sailing paradise of Lake Huron, to the gentler shores and beautiful sandy beaches of Lakes Erie and Ontario.

It was 10,000 years ago when the first aboriginal people arrived in what is now Ontario. While some continued to wander, in the south other aboriginal nations settled down, erecting villages and farming the land. There were battles between the nations, but by the 1600s they had begun to band together into confederacies, and developed a democratic system of government.

The French were the first Europeans to arrive in Ontario, and at Sainte-Marie-among-the-Hurons you can visit the reconstructed Jesuit mission to the Hurons built in 1639. The lucrative fur trade drew the English to the wild

Pow-wow

shores of Hudson Bay only a few years later, but settlement in earnest began with the Loyalists moving north after the American War of Independence.

Today, there are two aboriginal language groups in Ontario: Algonquian, spoken by the Algonquin, Ojibwa and Cree; and Iroquoian, spoken by the Iroquois.

The French culture is still a part of Ontario, with Franco-Ontarians representing 5 per cent of the province's population of just over 10 million. Successive waves of immigrants have continued to enrich Ontario's culture, and its cities are microcosms of the world in their rich ethnic variety. Ontario is home to more than 60 cultures with distinct languages and traditions.

Ontario has a rich history and a dynamic, vibrant life today. There are countless interesting and exciting things to see and do. It's also a place of wonderful natural beauty. Whether you're looking for a vacation full of activities and sightseeing or something more restful, we want to help you choose the right place. We hope our *Trip Planners* will make your decision easier.

## What's the temperature?

The climate here ranges from humid continental in the south to subarctic in the north. Temperatures are given officially in degrees Celsius with the Fahrenheit equivalent often added. For an exact conversion of °Fahrenheit to °Celsius: subtract 32 from number of °F, then multiply by 5/9. Conversely, multiply °Celsius by 9/5, then add 32 to get °Fahrenheit. For a quick reference, here is a partial conversion chart:

35	95
30	86
25	77
20	68
15	59
10	50
5	41
0	32
-5	23
-10	14
-15	5
-20	-4
-25	-13
-30	-22
-35	-31
°Celsius	°Fahrenheit

Due to Ontario's vast size, temperatures vary tremendously from region to region and even within the different regions. Generally, the lowest temperatures are recorded in January and the highest in July.

# Ontario's Emblems

## Official Flag:

The flag of Ontario is called the Red Ensign. It includes the Union Jack, representing our ties to Great Britain, and the Arms of the Province.

## Coat-of-Arms of Ontario:

The arms of the province consist of a green shield with three golden maple leaves surmounted by the Banner of St. George, a red cross on a silver background. The banner indicates our close ties with Britain, while the colours green and gold are Ontario's official colours, and green symbolizes the land. Above the shield is a bear, with a moose and a deer supporting the shield, all representing the rich animal life of the province. The Latin motto is translated as "Loyal She Began, Loyal She Remains." The shield was granted by Royal Warrant of Queen Victoria on May 25, 1868, and the crest, supporters and motto by Royal Warrant of King Edward VII on February 27, 1909.

## Official Flower:

The official flower of Ontario is the Trillium, a delicate, white three-petalled flower that grows wild in profusion in the woodlands of the province in early spring.

## Official Gem:

Amethyst, the rich purple semi-precious gem, is the official gem of Ontario. Large deposits are found in North of Superior travel region.

## Official Tree:

The Eastern White Pine. The White Pine was an important source of income and trade during the pioneering days, and continues to be a valuable resource for Ontario. Pictured here is the Kirkwood Giant Pine, the tallest tree in Ontario at 49.2 metres (161 feet).

## Other Guides To Ontario

This *Trip Planner*, one of a series of four, which together cover the 12 travel regions of Ontario, provides you with the information to plan your vacation—information on a variety of things to see while touring around the province, and where to stay, whether you are looking for roofed accommodation or camping.

As you read through this *Trip Planner*, you will see map sections and references to map co-ordinates—these all refer back to the **Ontario Official Road Map**. You'll find it invaluable—make sure to get a copy by calling Ontario Travel or visit any Ontario Travel Information Centre.

# Scenic Tour Routes

## ROUTE OF THE VOYAGEURS

Once the trading route of the voyageurs, now a comfortable, panoramic tour, 2,080 km (1,300 miles) lined with wildlife reserves, parks and wilderness area; from Hawkesbury to Kenora along the splendour of Lake Superior.

## TALBOT TRAIL

The Talbot Trail follows quiet highways and country roads 400 km (245 miles) through three historic and picturesque counties and two regions; from Windsor to Fort Erie.

## LAKE NIPISSING CIRCLE TOUR

Rich in history and folklore, Lake Nipissing has attracted visitors for more than 300 years. The 330 km (205 mile) route passes historic small towns, spectacular lookout points and the thriving city of North Bay.

## LOYALIST PARKWAY

94 km (59 miles) between Kingston and Trenton that take you via the Glenora ferry through scenic Quinte's Isle, past historic towns, rolling farmland and beaches, tracing the steps of the first Loyalist settlers.

## RIDEAU-TRENT-SEVERN TRAIL

680 km (425 miles) of canals, locks, parklands and open water linking Ottawa with Lake Ontario and Georgian Bay.

## BLUEWATER TRAIL

Stretches 1,120 km (700 miles) from Windsor to Manitoulin Island. And, as you may have guessed, tends to keep you close to the lakeshores and riverbanks.

## FRONTIER TRAIL

1,600 km (1,000 miles) through the gold, silver and lumbering communities of the north, with some great fishing and sightseeing on the way; from Toronto the route takes you north to Hearst, then along Lake Superior, then north again to Kenora.

## TERRY FOX COURAGE HIGHWAY

A splendid tree-lined stretch of 100 km (63 miles) between Nipigon and Thunder Bay, where an indomitable young Canadian prematurely finished his Marathon of Hope.

## WINE ROUTE

This route along the Niagara Peninsula takes you from Stoney Creek to Niagara Falls, past acres of vineyards and beautiful scenery. Many wineries—from cottage industries to large modern plants—offer tours to visitors.

• More Scenic Tour Routes on page 12

# Scenic Tour Routes

## HERITAGE HIGHWAY

From Windsor, 1,895 km (1,184 miles) to the Gaspé Peninsula of Quebec, this route traces a historic path of forts, battle sites and museums.

## GREAT RIVER ROAD ROUTE

The Lake of the Woods Parkway is a scenic route extending 600 km (365 miles) into northwest Ontario.

## LAKE HURON CIRCLE TOUR

This route takes you 2,240 km (1,400 miles) around Lake Huron, past sandy shores and rugged outcroppings, blue waters against limestone cliffs, through bustling modern cities and quaint, quiet villages.

## ALGONQUIN TRAIL

A circle tour of scenic lake country: small resort towns, country antique shopping, the majesty of Algonquin Park, wilderness and wildlife; from Napanee through to Algonquin Park and then south through Lindsay.

## LAKE SUPERIOR CIRCLE TOUR

2,080 km (1,300 miles) of green forest, cascading waterfalls and towering cliffs border this, the largest freshwater lake in the world.

## APPLE ROUTE

The main road of the Apple Route is Highway 2 between Colborne and Trenton, but there are several branches along the way into rolling hills and marshlands and past sandy beaches. All along the way are the apple orchards that give the route its name.

## GOLDEN HIGHWAY

This cross-shaped route includes Highway 11 from Englehart north to Matheson and Highway 66 from Matachewan east to the Quebec border, with Kirkland Lake in the centre. The tour includes famous gold mines from the past and mines that are still producing today.

## AFRICAN-CANADIAN HERITAGE TOUR

Retrace the steps of black refugee slaves who sought freedom by following the North Star to Canada. Six historic sites in Kent and Essex counties tell the story of the Underground Railway.

## OIL HERITAGE ROUTE

Starting just south of Highway 402, the tour carries visitors to the birthplace of the modern oil industry and to family attractions as diverse as a performing arts hall, an historic working oil field and a museum.

## WELLAND CANAL ROUTE

The Welland Canal Route takes you through the heart of the historic Niagara Peninsula. From Port Dalhousie on Lake Ontario it follows past and present canal routes through a dozen towns to Port Colborne on Lake Erie.

# Ontario's Twelve Travel Regions

The province of Ontario is divided into 12 travel regions, each with its own distinct character, activities and attractions, and with its own Travel Association. The regions are indicated on the map opposite. To make planning your trip easier, we have grouped some of these regions to create four area *Trip Planners*, of which this guide is one. The *Trip Planners* cover the following areas:

## **South Central Ontario Trip Planner**

Region 1 - Southwestern Ontario  
Region 2 - Festival Country  
Region 3 - Lakelands

# Ontario's Near North

■ *Taking a break: early morning on the water in Algonquin Park*

From the majestic forests and peaceful lakes of the Almaguin Highlands through the City of North Bay on the shores of Lake Nipissing, to the great stands of pine of Temagami — this is Ontario's Near North — accessible wilderness of spectacular beauty.

This is historic fur-trading country – Champlain came through in the early 1600s and there are many reminders of him and his voyageurs – and of the rugged pioneers who followed.

Here you will find Algonquin Provincial Park, wilderness jewel set in the classic Canadian Shield landscape, inspiration to a generation of painters and still a magnet for nature lovers.

And everywhere there is water – superb lakes, and historic rivers like the French and Mattawa. Dip a paddle or cast a line – anglers and canoeists alike will find their ideal of the outdoor vacation here.

## ATTRACTIONS

## ALGONQUIN PARK

D10

## ● ALGONQUIN PROVINCIAL PARK

Located on the southern edge of the Canadian Shield between Georgian Bay and the Ottawa River, Algonquin's 7,600 km<sup>2</sup> (3,000 sq.mi.) straddle the highlands that have become one of Ontario's favourite recreational areas. In a land of lakes, rivers and forests, Ontario's second largest Provincial Park provides the ideal environment for outdoor recreation. Most of the park is accessible only by canoe or on foot, however, there is some development along Hwy 60, including eight campgrounds, most with sandy beaches, and three lodges. There are over 2,400 km of canoe routes throughout the park. There are extensive hiking trails. The Algonquin Park Visitor Centre features an audio-visual presentation on the natural and human history of the park and contains exhibits on the fish, geology, birds and mammals of the park, including live exhibits. The Pioneer Logging Exhibit relates the history of pioneer logging through preserved and reconstructed logging equipment and a stable. A theatre presents an audio-visual show on logging.

**Location:** Main access via Hwy 60.

**Open:** All year. Visitor Centre open Thanksgiving - Victoria Day weekend daily 10am-5pm. Victoria Day - mid-June, daily 10am-6 pm. Mid-June - Labour Day, daily, 9am-9 pm. Labour Day - Thanksgiving, daily 10am-6 pm. Pioneer Logging Exhibit open daily, Victoria Day weekend - Thanksgiving weekend.

**Rates:** Regular Ontario Provincial Park fees apply year-round.

## Algonquin Park: A Naturalist's Dream

Algonquin Park sparkles as the most precious gem in Ontario's Near North country. Spread out over 7,700 square kilometres (2,980 square miles), this magnificent, 103-year-old park contains more than 1,000 cool, clear lakes and abounds with wildlife. Hikers, canoeists, mountain bikers, backpackers and campers will find themselves transported by this lovely area. And families will have lots to explore together.

A naturalist's dream, the park is home to more than 260 species of birds, 40 types of mammals and 1,000 species of plants. You can view the bounty of colorful park wild flowers from April to September, and the rich reds and golds of autumn maples can be savored September through October.

Visitors may see beavers cutting across the water, otters swimming in the streams, owls and hawks overhead, as well as foxes, weasels and wolves. The park even sponsors group wolf calling sessions. Moose and deer are also plentiful and easily seen in early summer.

The swimming, beaches and picnic areas are plentiful, and marked trails provide hikers with explanations along the way. Two overnight hiking loops—one is 72 km (45 miles), and the other 35 km (22 miles)—challenge the truly adventurous. There is only one road, Highway 60, that runs through the park, providing access to the car campgrounds and lodges, but visitors are encouraged to leave their cars behind when exploring.

As you survey the breathtaking, rocky, wind-swept beauty of Algonquin Park you can almost tap the source of artist Tom Thomson's creative impulse. Some say you can see the tree that is his famous Jack Pine painting, growing on the shore of the park's Grand Lake. After his mysterious death in 1917, a cairn in his memory was erected by his friends, including those who later became known as the Group of Seven, at the north end of Canoe Lake.

## Grey Owl Saves the Beaver

In the 1930s, Grey Owl captivated the world with the image of an aboriginal trapper from the forests of Canada turned wildlife crusader. After he died, it was found that Grey Owl was a wayward Englishman named Archibald Belaney. He had been accepted by the Ojibway of northeastern Ontario, who gave him his name.

Starting out as a trapper and fire ranger, Grey Owl underwent a change in attitude towards wildlife after he adopted two orphaned beaver kits. He became sensitive to irresponsible trapping practices and vowed never to kill again. It was through his efforts — books, lectures and films — that conservation measures were taken to save the beaver, which the fur trade had all but wiped out by the turn of the 20th century.

Grey Owl spent much of his time in the Temagami area and a plaque in his memory can be found in Finlayson Point Provincial Park, which juts into Lake Temagami. There's also a small museum that features displays of historic logging artifacts, old tools, fossils and minerals.

## Temagami, A Canoeist's Heaven

Crystal-clear water, a skyline of white pines and more than 8,000 square kilometres of interconnecting canoe routes make Temagami a canoeist's heaven. Hundreds of lakes, adjoining wetlands, rivers and a mosaic of 1,400 islands provide paddle dippers with endless adventure.

The back country features a large loop of waterway and wilderness provincial parks. Lady Evelyn-Smoothwater Wilderness Park contains two scenic look-outs – Maple Mountain and the Ishpatina Ridge, which at 693 metres, is the province's highest point. Awe-inspiring old-growth pine line the lakes of the Obabika River Waterway – Lady Evelyn Lake, Diamond Lake and the Obabika River – and Wakimika Triangle is also known for green giants and hiking trails.

The wetlands of the Obabika River are famous among nature photographers who gather here to observe moose, and Temagami area lake trout, walleye (pickerel), smallmouth bass, pike and whitefish will please anglers. Running to the northwest, the Sturgeon River Waterway Park has more than 60 sets of rapids where early-season canoeing means whitewater thrills! Completing the loop back to Lady Evelyn-Smoothwater Park is the Solace Waterway Park, which reflects its name with calm, flatwater paddling through peaceful lakes.

There are various wilderness canoe outfitters offering canoe trips and outfitting, and a host of lodges around Lake Temagami that make great bases for a canoeing or fishing vacation.

## Sail with the Chief

If you'd like to follow in the wake of the voyageurs as they made their way across Lake Nipissing in freight canoes heavy with goods, try catching a ride with The New Chief (Chief Commanda II). A little more comfortable than an ancient canoe, the Chief departs from the main dock of North Bay's waterfront development and marina. Regular

scheduled cruises go to Callander Bay or across the Lake to the mouth of the French River. If, for some reason you miss the boat, you can have a snack or meal on board the Chief Commanda I, permanently moored at the south end of the downtown waterfront area. The "Old Chief" was taken out of service in 1975, when the Chief Commanda II was launched.

*Le Carnaval: winter fun at North Bay*

## North Bay

The hub of Ontario's Near North, North Bay is the cultural, historical and recreational centre of the region with year-round activities for the tourist. On the eastern shore of Lake Nipissing, North Bay is a well-known fishing centre. Summer fishing tournaments draw anglers from all over for pickerel, pike, sturgeon, muskie and whitefish. The city offers a variety of summer recreation and activities – a high point is always a cruise aboard the Chief Commanda II.

North Bay's sizeable French community plays an important role in the city's life. The "Carnaval et Semaine Française," celebrates the area's French Canadian heritage the second week in February. Visitors can enjoy French food, music, drama and dance.

There's always lots to do in winter here – in addition to the Carnaval and the Winter Carnival, you can enjoy a host of winter sports, including cross-country and downhill skiing, snowmobiling on unlimited trails surrounding North Bay, curling and ice fishing.

North Bay is also the cultural centre of the region, with museums, galleries, and performing arts in the recently renovated Arts Centre Theatre. In August, on the Civic Holiday weekend the Gateway Heritage Festival features cultural and musical performances, museum displays, exhibits by local artisans, an air show and much more.

*Canoeing in Samuel de Champlain Provincial Park*

## The French Connection

First thought to lead to the Orient, the French River linked the upper Great Lakes to the water highway that stretched back to Quebec or Montreal and the Montreal-based North West Company. The voyageurs of that fur trading enterprise pushed westwards in search of new fur sources, paddling and portaging their heavily laden canoes. Today, French River adventurers can indulge in glorious sport fishing. Yellow pickerel, or walleye, is the river's prime sport fish and can be found in the myriad channels around the mouth of the river, but many other game fish also lurk in these waters.

Commemorating the historic voyageurs' route is Samuel de Champlain Provincial Park, north of the French River in the Mattawa River valley, east of Lake Nipissing. The Heritage Centre in the park features exhibits on the life of the voyageurs. Nearby, Mattawa River Provincial park preserves the

historic "voyageurs' highway." Each summer this 37 kilometre (23 mile) waterway park is the site of the annual North Bay-Mattawa canoe race.

### Voyageur notes

- The Hudson's Bay Company, North West's competitor, sent their agents up the Missinaibi and the Albany rivers. Beginning in the late 1700s, the rivalry between the two companies lasted half a century.
- A regular day included paddling 16-18 hours.
- Loads of up to 80 kilos had to be carried over portages.
- The birch-bark canoes were capable of carrying four tons.
- An easy day's paddle: the 105 km (66 miles) from Lake Nipissing to Georgian Bay

# Rainbow Country

■ *Hiking in Killarney Provincial Park*

The glint of the sun forming rainbow colours through drops of sparkling water – this is Rainbow Country.

Water everywhere, dotted with islands. The spectacular blue stretches of Georgian Bay, sprinkled with a myriad of islands – 30,000 Islands. The sailing paradise of Lake Huron's North Channel. Even the area's major municipality of Sudbury has 30 lakes within its boundaries.

Here lies the world's largest freshwater island, Manitoulin, rich in aboriginal legend and culture, with its own lakes, and fine sandy beaches. And to its northeast, another jewel of a park – Killarney, superb canoeing territory; the wild beauty of its white-capped hills was once captured by painters from the Group of Seven.

This is superb fishing country – Georgian Bay, the mouth of the French River, the north shore of Lake Huron and a host of smaller lakes and

rivers draw anglers in search of walleye, northerns, muskie and bass. And in the waters off Manitoulin, Rainbow Country means rainbow trout.

## Manitoulin — Spirit Island

Manitoulin Island at 2,800 square kilometres (1,068 square miles) is the world's largest island within a lake. The Island is also home to the world's largest lake-within-a-lake — Manitou Lake, 103 square kilometres (41 square miles).

A beautiful and special place, Manitoulin Island has inspired many aboriginal stories and legends. Based on translations of Ojibway, Odawa and Potawatamie languages, Manitoulin means "Spirit Island," and is the home of the Great Spirit also known as Kitche Manitou.

One tale describes the island in Mindemoya Lake as being the grandmother of Nanabush, a boy who was part human, part spirit. According to the legend, he was running with her over his shoulder and stumbled. She flew through the air and landed on her hands and knees in the middle of the lake, where she remains today.

Descendants of the original Anishnabec inhabitants of Manitoulin still live here and participate in the life of the community together with descendants of pioneers of largely Scottish, Irish and English stock.

Accessible from the north by road, to the southwest, the island is linked to the Bruce Peninsula by a car ferry service — the MS Chi-Cheemaun. Some favorite attractions on this island of picture-perfect towns and painterly landscapes are the natural beauty hot spots. Bridal Veil Falls and Ten Mile Point scenic lookout are must-sees, as is Cup and Saucer Hill, named for its little hill, or cup, sitting on the big hill, or saucer below.

A "ghostly" phenomenon you might happen upon if your timing is right, is the "Burning Boat." This red, burning ship-like mass, seen in the Providence Bay area, occurs only during a full moon. Skeptics say it is the result of hot gases and reflections.

If you're wondering about a place to stay, Manitoulin offers a large selection of resorts, lodges, campgrounds, cottages, hotels and motels — ranging from rustic to upscale.

## Wikwemikong

A vibrant and real slice of Manitoulin life can be seen at Wikwemikong ("bay of the beaver") Unceded Indian Reserve. Every August, on the civic holiday weekend, dancers, drummers and singers can be seen at the Wikwemikong Pow-wow. Drawing First Nations performers from across North America since 1960, the Pow-wow welcomes all visitors and features dance competitions, an art show, historic walks, theatre productions, crafts and traditional foods.

The drum is the "heartbeat" of the native peoples and of the Pow-wow. The chanting of the ancient songs – warriors' songs, songs of honor, songs of social life – and the dancing of the ancient steps are the spiritual core of the Pow-wow. Elaborately costumed dancers, singers and drummers all compete for prizes. At the end of the ceremony is the traditional "giveaway," when the participants receive gifts of appreciation.

## Sudbury: More Than a Big Nickel

Sudbury, the largest centre in northeastern Ontario, is a vibrant city of 92,000 situated on Ramsey Lake in the Canadian Shield. Sudbury – the Nickel City – is known primarily for its nickel and copper mines, and no visit would be complete without a photo beside the Big Nickel, the city's signature landmark. There's more to the city than that, however. Arts, entertainment, educational, cultural and sporting attractions are going year round in Sudbury, including concerts, theatre, galleries and recreational pursuits of all kinds.

Outdoor lovers can choose from horseback riding, blueberry picking, boating and fishing in the region's 90 lakes, and golfing at nine local courses. There are five provincial parks within 96 kilometres (60 miles) of the Sudbury region, and two are located within the regional boundaries. Winter sports include cross-country skiing, snowmobiling and ice fishing.

A popular attraction is the Big Nickel Mine underground tour, where you can experience the life of a hard rock miner. Tours include demonstrations of mining methods, a blasting display, an underground refuge station and a sunless garden.

But perhaps one of the city's most interesting attractions is Science North. This snowflake-shaped science centre features many hands-on exhibits, a 3-D film portraying the beauty of Northern Ontario's landscape, presentations on northern Ontario's animals, space, communications and much more.

*Sudbury's Science North on the shore of Ramsey Lake  
Bottom right: The Big Nickel, symbol of Sudbury, Canada's "Nickel City"*

The city also has a rich francophone heritage. It is home to a bilingual university, and a full cultural life in both languages, culminating in the bilingual arts festival, the Northern Lights Festival/Festival Boréal held every summer.

## Georgian Bay's 30,000 Islands

Georgian Bay boasts the world's most concentrated islands. In the vicinity of Parry Sound, the 30,000 Islands can be found sheltering quiet bays and channels. Cast in the crystal waters like a load of pirate's loot,

the 30,000 Islands come in all sizes and can be seen from the sightseeing cruise ship that leaves from the Parry Sound dock throughout the summer and fall.

*At anchor in the North Channel*

## Sailing Paradise: Lake Huron's North Channel

The sails are up, the sun is out and the glorious sparkling water couldn't be more inviting. Many sailors rank the North Channel waters, connecting Lake Huron to Georgian Bay, among the world's best for sail boating. The area is known as a boater's delight – excellent sailing,

canoeing and power boating among the bays, inlets and islands make it a watery paradise. The fishing is superb, too. Lunkers lurk in the North Channel and many a giant muskellunge has given an angler a fight and a story to tell.

## Killarney Wilderness Provincial Park

Set like a jewel on the north shore of Georgian Bay, Killarney Wilderness Provincial Park offers a breathtaking retreat of lakes and forests.

The 363 square kilometre (230 square mile) park contains superb canoeing territory and is flanked by the white-capped La Cloche mountains. Killarney village, once a fur-trading post, then a logging town

and commercial fishing centre, is a quiet, quaint spot that livens up when the fog horn and revolving light beckon home local fishing boats.

Killarney has campgrounds accessible by car, with all the facilities, but the real enthusiasts head for its rugged interior, with miles of canoe routes and hiking trails, and the primitive wilderness campsites set in the splendid isolation of its unspoiled heart.

# Algoma Country

■ *Bridal Veil Falls, Agawa Canyon*

A land of endless forests and spectacular scenery. The remote beauty of the wild shores of Lake Superior. This is Algoma Country.

It is home to the western hemisphere's largest wildlife sanctuary — the remote wilderness of Chapleau Game Preserve; and to the bustling, festive city of Sault Ste. Marie, set on one of the world's busiest waterways.

The roads are few. But you can reach the superb heart of the wilderness by train. Over towering trestles, past mountain lakes and cascading waterfalls, climbing to spectacular heights and descending to valley floors. This is the Agawa Canyon tour. And the train will take you to remote lakes and lodges where you can canoe, fish, ski and enjoy the wild country.

Or drive the scenic coastal routes along Lake Superior and the north shore of Lake Huron.

A land of contrasts — Algoma Country

## The Agawa Canyon

One of the area's favourite and most renowned outings is the Agawa Canyon Train, which chugs through Algoma country. Mountain lakes, cascading waterfalls, colourful foliage and lush green valleys are all part of the scenery to enjoy as you travel along mountain ledges, over rivers and gorges, across a trestle bridge and into fjord-like ravines. You

can get off and explore the terrain or simply sit back and savor the peace and tranquility of this awe-inspiring region. Or you can take in the same spectacular scenery under its winter mantle of snow, by taking the Snow Train, which runs late December to March.

## Sault Ste. Marie Sights

An ancient meeting place of the Algonquin people, this town received its name, Sault de Sainte Marie, from Jesuit missionaries who founded a mission here in 1668. Linked to Sault Ste. Marie, Michigan, by bridge, "the Soo" is separated from its sister city by the turbulent St. Marys Rapids, which gave it part of its name – in French "sault" means rapids.

The famous Sault Locks, four on the American side and one on the Canadian side, are part of the St. Lawrence Seaway system that allows ships to carry cargo into the heartland of North America. Viewing facilities are located at both sets of locks and cruise ships offer daily tours through the lock systems each summer.

Sault Ste. Marie is a festive city. The Algoma Fall Festival, featuring art, theatre and dance, lasts 16 days. The Ontario Winter Carnival, Bon Soo, is one of Canada's largest winter carnivals and runs from late January to early February. And many other special events and festivals draw visitors to this vibrant city all year long.

## Winnie the Pooh's Hometown

White River has a startling claim to fame — as the birthplace of Winnie the Pooh, a long way away from author A.A. Milne's home of London, England. Captain Harry Colebourn, a Canadian soldier, purchased a small bear here during the First World War. He named his small charge Winnipeg, affectionately known as Winnie, and took her overseas when his regiment was called to the front lines in France. Since the front was no place for a small bear, Winnie was given to the London Zoo. As the story goes, here she became the favorite of Milne's son, Christopher Robin, Milne changed the she to a he, and Winnie the Pooh became one of the world's best-loved bears.

White River annually celebrates Pooh's heritage with a Winnie Hometown Festival in late August.

## The Wawa Goose

About 160 kilometres (100 miles) west of Sault Ste. Marie you'll find Ontario's largest goose. Identifying the town of Wawa, which in Ojibway means "Wild Goose," the massive, metal Canada Goose sculpture is 9 metres (30 feet) high, has a wingspan of 6 metres (19 feet) and weighs 2,000 kilograms (4,400 lb). It was commissioned to commemorate the opening of the Trans-Canada Highway in 1960.

Lone canoeist on the White River

## Lake Superior's Shore

The wild shoreline of Lake Superior is a timeless example of nature's raw, awe-inspiring beauty. One of the best ways to see it is from the breathtakingly scenic Lake Superior shoreline route of Highway 17.

Highway 17 leads to a number of provincial parks, the largest being Lake Superior Provincial Park. This 1,556-square kilometre (600 square mile) wilderness preserve is a haven for hikers, canoeists and nature lovers. Signs of the area's earliest inhabitants, the Ojibway, can be seen in the red ochre pictographs on Agawa Rock, accessible via the highway.

The park has been inspirational to many artists over the years. Scrambling over the rugged terrain, members of the Group of Seven set up their easels and captured on canvas the landscape's harsh beauty. Following the First World War, they made several trips to the Algoma area and Lake Superior Provincial Park via the Algoma Central Railway.

Safe but wary: black bear in the Chapleau Game Preserve

## Chapleau Game Preserve

North of the town of Chapleau stretches a huge expanse of untouched wilderness that has been made into the largest wildlife sanctuary in the western hemisphere – the Chapleau Game Preserve. Moose and bear wander freely here and hundreds of bird species can be sighted. No firearms are allowed, but cameras are most welcome. In the heart of the preserve, surrounding the lake where one of

Northern Ontario's mightiest rivers, the Missinaibi, has its source, is Missinaibi Provincial Park, where camping is available. Near the west end of Missinaibi Lake on Fairy Point, and at nearby sites on Whitefish Bay, pictographs from 200-year-old Ojibway and Cree cultures are still visible, figures that are reminders of a time long past.

# James Bay Frontier

■ *The delicate spray of a waterfall in Kap-Kig-Iwan Provincial Park near Englehart*

This is true frontier country. From the agricultural claybelt in the south, up through wild forests and mining communities, places of legend, set on rock rich in gold and silver, this is where the real wilderness begins.

The single railway track up to Moosonee is the only link to the last outpost before the Arctic landscape begins in earnest. This was the wilderness frontier when the fur trade drove the Hudson Bay Company in 1673 to create a community that is the oldest in Ontario, and it still retains that frontier feeling – remote, dramatic.

This is a land for those lured by the call of the wild. To canoe or fish the mighty northern rivers; in winter to plunge deep through endless snowladen forests by snowmobile or dogsled. This is the adventure that is the James Bay Frontier.

*An unusual sight: polar bears among the greenery at Polar Bear Provincial Park*

## Polar Bear Provincial Park

Huddled against the wild western shores of Hudson Bay and James Bay is the sub-arctic wilderness reserve of Polar Bear Provincial Park. One of the world's largest parks, it boasts a population of 400 polar bears. Black bear, Arctic fox, moose and caribou also live here, amid the park's muskeg swamps and barren tundra. Located 480 kilometres (300 miles) northwest of Moosonee, the park was established in 1970 and it's

estimated that it grows incrementally in size each year as a result of retreating glaciers. The only way to visit this 24,087 km<sup>2</sup> (9,300 square mile) reserve is by charter aircraft. A special permit is required to visit the area from the District Manager, Ministry of Natural Resources, P.O. Box 190, Moosonee, Ontario P0L 1Y0.

Top: On the way to Moosonee*

## Ride The Polar Bear Express

Starting in the town of Cochrane, the Polar Bear Express travels 300 kilometres (186 miles) to the James Bay lowlands and the small communities of Moose Factory and Moosonee. It operates from the end of June until Labour Day and offers a unique experience in northern sightseeing. The journey can be a day trip, or, at the end of the line in Moosonee, you might want to stay overnight at one of the lodges (reservations essential). Tidewater Provincial Park offers camping, accessible by water only.

Moose Factory, the first English-speaking community in Canada, was founded in 1673 by the Company of Adventurers of England – owners of the vast fur-trading empire known as the Hudson Bay Company. From Moosonee, you can take a 15-minute boat ride to Moose Factory Island and see the original site of the Hudson Bay Post. Several early 19th century buildings remain, a blacksmith's shop from 1740 and a museum devoted to the fur trade. The Cree people have lived in this area for hundreds of years, and on Moose Factory Island, you can also visit their community and the St. Thomas Anglican Church with its Cree-language prayer books. From Moosonee you can also take the Wilderness Excursion, a six-hour trip that combines a cruise to James Bay and the Ship Sands Island bird sanctuary, and a bus tour of Moose Factory Island.

In Moosonee itself you can visit the Revillon Frères Museum and see artifacts from the French Company (Hudson Bay Company's rivals in the fur trade), and browse the craft stores. Or you might want to take a trip on a large freighter canoe up the Moosonee River to search for Devonian fossils 350 million years old.

Many species of waterfowl can be sighted in this area. Looking for polar bears? You've still got almost 500 kilometres (310 miles) further north to go, to the sub-arctic wilderness of Polar Bear Provincial Park (see highlight page 121).

#### ● MOOSE FACTORY CENTENNIAL MUSEUM PARK

The museum depicts the history of the settlement of this area by the Hudson's Bay Company in 1673, and the story of the fur trade and development of the area. The blacksmith's shop nearby dates back to the 1850s. On the ancient tombstones in the adjoining graveyard the graphic tales of struggles that ended there are told. The only stone building on the island, the old powder magazine, is also in the park. Also in the park is a tee-pee - inside local Aboriginal people cook bannock and Aboriginal bread, which is available for sale. Authentic Aboriginal crafts are also on sale.

**Location:** Moose Factory Island.

**Open:** Late June - Labour Day.

**Rates:** Free admission.

## Gold ... Gold ... Gold ...

Some of Canada's richest and most famous gold mines can be found in the James Bay Frontier, along what has been dubbed the Golden Highway. In the shape of a cross, it combines Highway 11 from Englehart to Matheson and Highway 66 from Matachewan to the Quebec border. The most famous community along the Golden Highway is Kirkland Lake. Since 1907, when gold was first discovered there, 900 tons of the precious mineral were mined. At one time seven gold mines operated within a one-mile stretch, including the world renowned Lakeshore Mine, owned by Sir Harry Oakes. It alone produced 8.5 million ounces of gold from 1918 to 1968. The Museum of Northern

*A captive audience: the Timmins underground gold mine tour*

History, located in the Sir Harry Oakes Chateau, has numerous artifacts and stories depicting the life in a Northern Ontario gold camp.

East along Highway 66 is Larder Lake, where the district's first gold was discovered in 1904. Further along is Virginiatown, with one of Canada's richest gold mines, Deak Resources. The north end of the route leads to Matheson, and east of the community is one of the country's most promising gold areas, the Harker Holloway gold fields.

Hollinger Gold Mine, in Timmins, was discovered in 1909 by Benny Hollinger. It was once the richest gold producer in the Western Hemisphere with total gold production of \$400 million, when gold was

selling for \$35 to \$40 an ounce. Two other gold mines, Dome and McIntyre, added to Timmins' fortune and it came to be known as the city with a heart of gold. If you want to pan for nuggets, see the drilling equipment, wear the authentic mining gear, and go underground, take the Timmins Underground Gold Mine Tour, located on the Hollinger Mine property. You'll even see the all-important canary cage here. Every mine had a canary and when it fell off its perch, it meant there wasn't enough oxygen (Don't worry, they didn't die; the miners took them out of the mine and revived them).

*Into the setting sun; boaters sail into the glow at New Liskeard*

## The North's French Heritage

Ontario's North also has a substantial French-speaking population. Early in this century, many Québécois moved across the border to work in the sawmills, start up farms, or to support their families by hunting and trapping. In towns such as Kapuskasing, New Liskeard, Hearst, Haileybury, Earlton and Englehart, you'll often hear more French spoken than English. The gaiety and joie de vivre of francophone culture can be especially experienced during the winter carnivals hosted by many of these towns.

Informally known as the Moose Capital of Canada, Hearst is also known as Le Petit Québec de l'Ontario because 85 per cent of the local population speaks French. A winter carnival in early March and 209

kilometres of snowmobile trails make Hearst a popular centre for cold-weather activity. At the end of the Agawa Canyon train line and close to the Missinaibi River, Hearst is alive with magnificent scenery.

Around New Liskeard, you'll be surprised by the flat-farming communities in the Gowganda Formation, a 1.5 billion-year-old structural phenomenon known as the Latchford Fault. The area is also familiarly known as the Little Claybelt. Two kilometres south of nearby Englehart, you'll find Kap-Kig-Iwan Provincial Park, where a hike will take you to the captivating Kap-Kig-Iwan Falls, on the Englehart River.

## Winter Adventures

Winter is a time for great adventures in James Bay Frontier region. There is superb skiing, ice fishing and an absolute winter paradise for snowmobilers. The area has over 5,000 kilometres (3,100 miles) of groomed, inter-connecting snowmobile trails, including the new Tundra trail, which takes you from Cochrane up to the edge of the arctic at Moosonee. There are organized safari trips, accommodation packages and guaranteed snow. The adventurous can travel the old-fashioned way – by taking a dog-sledding excursion.

## Who Murdered Sir Harry?

Sir Harry Oakes discovered the Lakeshore Mine and became a wealthy man because of it. Later in his life, he left the country to live in the Bahamas and there he was murdered in his home in 1943. No one was ever convicted of the crime, but many books and TV specials have speculated on the perpetrator. Sir Harry Oakes' chateau in Kirkland Lake houses a museum where you may see the "Memoriam Book" — Group of Seven Artist A.J. Casson was commissioned to create the work in commemoration of Sir Harry's death.

*The Nipissing '96 mine site: part of the Heritage Silver Trail*

## Cobalt: The Town With a Silver Lining

Legend has it that Fred LaRose, a blacksmith for the Timiskaming and Northern Ontario Railroad, threw a hammer at a fox one day, and the hammer uncovered what eventually proved to be the world's richest vein of silver. This is the site that became Cobalt, home at one time to more than 100 mines. When the silver rush was on, starting in 1903, the population swelled to 12,000. Today it's a pleasant little community of 1,500.

The Heritage Silver Trail is a self-guided drive through the back roads of Cobalt and consists of five mining sites — The McKinley-Darragh Mill Site, The Little Silver Vein Site, The Cart Lake Tailings Lookout, The Nipissing '96 Mine Site and The Right-Of-Way Mine Site. You can also visit the Cobalt Mining Museum, dedicated exclusively to silver mining. Still producing the precious metal, Cobalt yields approximately 1.6 million ounces of silver a year.

## Fly-in Fishing

A float plane touches down on a secluded lake that's all yours for a few days — just you and a handful of your friends. The engine's cut, and the noise you've all been shouting over to be heard is gone. For a moment, the stories, cares and pressures are forgotten. Now there's only silence. Peace.

And the prospect of some fabulous fishing on a lake where it's just you against the walleye and the northerns.

There are hundreds of locations to choose from, and fly-in outfitters who will take you out of towns such as Timmins, Cochrane, Hearst, Kapuskasing, Gogama, Elk Lake and Foleyet to just the outpost that suits you, from a fly-in lodge where all your meals are provided, to a rustic camp where you cook your own meals on your propane stove.

## Wilderness Canoeing

Canoeing the rivers of Ontario's northlands is a true adventure. Challenging portages, stretches of white water and vast expanses of pristine wilderness beckon outdoor enthusiasts. Mossy forests and stands of spruce and pine might afford you a glimpse of moose, beaver, mink, caribou or possibly a bald eagle.

One compelling canoe route is along the Albany River. Serving as the fur trade route for the Hudson Bay Company from 1777 onwards, the Albany River linked the main post at James Bay with many other trading posts along its edges. A major post existed at Osnaburgh House and other temporary posts were at Eabamet Lake and Triangle Lake.

Another popular route is the Missinaibi River, which rises in the Chapleau Game Preserve and flows northeast towards James Bay.

A variety of outfitters offer rentals or packages; in some cases you can fly in or out.

But don't forget, many of northern Ontario's river routes are quite isolated and only the most experienced canoeist should attempt some of these trips. The James Bay Frontier offers a whole variety of canoeing opportunities, and in every case, you'll be right in touch with the unspoiled wilds of Northern Ontario.

# Useful Information For Visitors

## CREDIT CARDS

Most major credit cards are welcome in Canada, including American Express, MasterCard, Visa, Diners Club, EnRoute and Carte Blanche.

## CURRENCY

We recommend that visitors use Canadian funds. Currency exchange offices, conveniently located at most of our travel centres at the U.S./Ontario border (see Page 8), offer a good rate of exchange and are open daily. A good rate of exchange is also offered at the currency exchanges at our international airports (Toronto, Ottawa) and at all banks and trust companies. Banks are generally open 10am to 4pm Monday to Thursday; to 6pm Friday. Most trust companies are open 9am to 6pm weekdays and Saturday mornings.

## CUSTOMS AND IMMIGRATION

American visitors crossing the border, either way, may be asked to verify their citizenship with such documents as a passport, or a birth or baptismal certificate. Naturalized U.S. citizens should carry a naturalization certificate. Permanent U.S. residents who are not citizens are advised to bring their Alien Registration Receipt Card.

Citizens of other countries, except Greenland and residents of St-Pierre and Miquelon, must have a valid passport and some also require a visitor's visa.

Travellers under the age of 18 and unaccompanied by a parent need a letter of permission to travel in Canada from a parent or guardian.

As a non-resident of Canada visiting Ontario, you're allowed to bring in any reasonable amount of personal effects, a reasonable supply of food and a full tank of gas. Please note that certain agricultural and quota restrictions apply.

## GIFTS

Visitors to Ontario can send gifts to friends or relatives in Canada, or can bring the gifts with them, and no duties will apply, provided the value of each gift does not exceed \$60 (Canadian funds), and they do not consist of tobacco products, alcoholic beverages or advertising material. Gift packages sent by mail should be plainly marked "UNSOLICITED GIFT" and the value should be indicated. Gifts valued at more than \$60 (Canadian funds) are subject to duties on the excess amount.

## ALCOHOLIC BEVERAGES

Visitors arriving in Ontario who are 19 years of age or over may import, duty and tax free, for personal use either:

1.1 litres (40 ounces) of liquor or wine; or 24 x 355 ml (12 ounce) cans or bottles of beer, ale, or their equivalent.

Visitors can import more alcoholic beverages (up to 45 litres or 11.9 U.S. gallons), if they are willing to pay the Ontario fees and taxes in addition to the duties that apply.

## TOBACCO PRODUCTS

Visitors arriving in Ontario who are 19 years old or older (19 on or after December 1, 1995) may import, duty and tax free, 200 cigarettes, 50 cigars, 400 grams (14 ounces) of manufactured tobacco, and 400 tobacco sticks.

If visitors bring in more tobacco products, they will have to pay the Ontario taxes as well as the duties that apply.

U.S. residents returning to the United States after 48 hours can take back \$400 US worth of merchandise, duty free, every six months. This may include one litre of alcohol (35 ounces), 200 cigarettes or 100 cigars that are not of Cuban origin. After a visit of 72 hours or more, if the \$400 exemption has already been claimed in the six months previous, an exemption of \$100 is allowed. After less than 48 hours, \$25 is allowed. For further information on entering or re-entering the United States, please contact U.S. Customs.

## FIREARMS AND AMMUNITION

You may bring a hunting rifle or shotgun into Ontario as a visitor for hunting or competition purposes if you are 18 years of age or older, plus 200 rounds of ammunition for hunting, or 1,500 rounds for use at a recognized meet, duty and tax-free, up to a total of 5,000 rounds.

Firearms manufactured as fully automatic are prohibited entry, regardless of any conversion, and no firearms less than 66 cm (26") in length or with a barrel less than 46 cm (18 1/2") are allowed, unless they are being imported for an approved shoot, at which time a temporary permit is required in advance from a local police agency. So please, no handguns!

## HOLIDAYS

Whenever we say Thanksgiving, we mean Canadian Thanksgiving, which falls on the second Monday in October.

Other public holidays in Ontario: New Year's Day and Good Friday, Victoria Day (May 24 or preceding Monday), Canada Day (July 1), Civic Holiday (first Monday in August), Labour Day (first Monday in September), Christmas Day and Boxing Day (December 26).

Many places in Ontario close on Christmas Day, New Year's Day and Good Friday; be sure to check ahead.

## HOSPITAL AND MEDICAL SERVICES

Visitors are urged to obtain health insurance before leaving their home country. (It is possible that your health insurance does not exceed coverage outside your country of residence.) If you are taking medicine prescribed by your doctor, bring an adequate supply and a copy of the prescription in case it needs to be renewed by a doctor in Ontario. For further information and insurance details, contact your travel agent or insurance agent.

## FISHING AND HUNTING

Residents of Ontario are required to have an Outdoors Card. Licenses are required for fishing and hunting in Ontario, and may be purchased from most sporting goods stores, tourist outfitters, hunting and fishing lodges as well as Ministry of Natural Resources district offices.

## For information on seasons, regulations and licence fees, contact:

Ministry of Natural Resources  
Natural Resources Information Centre  
Macdonald Block  
Room M1-73  
900 Bay Street  
Toronto, Ontario M7A 2C1  
Tel: (416) 314-1177

## LAND USE LAWS

The *Occupier's Liability Act* reduces a rural landowner's responsibility for the safety of non-paying visitors. Signs can be erected to indicate which activities are allowed on the property.

The *Trespass of Property Act* designates premises where entry is prohibited without notice. Entry on other property may be prohibited by notice. A red marking at least 10 cm (4 inches) in diameter is equivalent to a No Trespassing sign. Trespassers can be fined up to \$2,000 and ordered to pay any damages.

## For a free explanatory brochure, write to:

Communications Branch  
Ministry of the Attorney General  
Main Floor  
720 Bay Street  
Toronto, Ontario

## LIQUOR

Anyone 19 or over may buy liquor and imported or domestic wine and beer from government liquor stores. A large selection of domestic beer is available from Beer Stores. Outlets are located throughout Ontario. Drinking hours in licensed establishments are from 11am to 1am. In Ontario it is an offence to consume alcohol anywhere other than a residence or on licensed premises.

**Please note: Driving motorized vehicles, including boats, while impaired is illegal. You can be convicted for refusing to take a breathalyzer test or having a breathalyzer reading greater than 80 mg (0.08%) of alcohol per 100 ml of blood.**

## PETS

Dogs and cats over three months of age entering Canada from the United States will need certification, signed by a licensed veterinarian, that they have been vaccinated against rabies. The certificate should provide a complete and legible description of the pet and the date of vaccination. Animals must be vaccinated in the preceding 36-month period and at least 30 days prior to re-entry into the United States.

## POSTAGE

Canadian postage stamps must be used on all mail posted in Canada. Postage is 45 cents for post cards and letters up to 30g (1 ounce) destined for Canada, 52 cents for the United States and 90 cents (up to 20 gr) for other countries (1996 rates).

## PUBLIC TRANSPORTATION

The province is laced with a network of regional and national airline flights, railways, bus routes and ferries. Charter flights will take you to more remote places. Thirteen airlines provide scheduled air service to 63 airports throughout the province. If you're already here and need a public carrier, contact a local travel agent or check the yellow pages, call the company and book direct.

Major Canadian carriers Air Canada and Canadian Airlines International can supply you with up-to-date schedules and reservations. VIA Rail Canada links most of the major cities in the province and connects with Amtrak and other U.S. rail lines at many border crossings. The largest bus lines are Gray Coach, Greyhound, and Voyageur Colonial.

## TAXES

Eight per cent provincial sales tax applies to most purchases. Seven per cent federal goods and services tax applies to most purchases of goods and services.

## SALES TAX REFUNDS

Visitors from outside Canada may claim a refund of the 7 per cent federal GST (Goods and Services Tax) on accumulated purchases of a minimum \$100, provided the goods are taken out of Canada within 60 days. Tax charged on hotel and motel accommodation is also eligible for refund.

Further information and application forms may be obtained by calling 1-800-ONTARIO.

## WEATHER

Ontario weather is much the same as that of the northern United States. Temperature measurements are in Celsius. June, July and August are our summer months, when days are usually warm, though nights may be cool, particularly in the north. Medium to heavy-weight clothing is recommended from mid-September to mid-November and from mid-March through April. During the winter you'll need to dress warmly.

# Rules Of The Road And Other Helpful Tips

## AUTOMOBILES

• **CAA Service.** The Canadian Automobile Association (CAA) and its member club, the Ontario Motor League (OML), are affiliated with several international automobile clubs, including the American Automobile Association (AAA), and members are entitled to reciprocal benefits. Check the phone directory for CAA and OML listings.

• **Documents.** A valid driver's licence from any country is good in Canada for three months. However, as added identification you may wish to obtain an International Driver's Licence before your trip. If you're driving over the border, bring the vehicle registration forms and a free Canadian Non-Resident Insurance Card from your insurance agent, or the policy itself. Minimum combined Liability insurance in Ontario is \$200,000. If you're driving a borrowed car also bring a letter of permission signed by the owner. If you're driving a rented car, include a copy of the rental contract.

• **Gasoline.** Our service stations sell unleaded and premium unleaded gasoline (please note: leaded gas is no longer available). Many stations also sell diesel fuel, particularly along the highways. The number of stations offering propane and natural gas for motor vehicles is growing rapidly.

Some service stations close at 7 p.m. and don't open at all on Sundays. However, 24-hour stations can be found at larger centres and along main highway routes (400 series highways).

• **Rentals.** Automobile rentals are available at our international airports and in many of our towns and cities. With most companies, the minimum age is 21 with a credit reference.

• **Services.** The Ontario Provincial Police patrol the highways and other areas not served by municipal police services. You can reach them locally by calling one of the regional toll-free numbers listed on the Ontario Official Road Map.

If you are involved in an accident resulting in a personal injury or property damage over \$700, you must notify the police and remain at the scene of the accident until cleared by investigating officers. First aid stations are clearly posted along the highways.

Information on highway conditions in the province is available all year from the Ministry of Transportation regional offices; the 24-hour toll-free number is 1-800-268-1376. For the greater Toronto area, call the Road Information Office at (416) 235-1110.

• **Tolls.** International bridges, tunnels and ferries charge a fee but our highways are toll free.

Ontario traffic rules may be somewhat different from the ones you're used to. So here's a list of traffic tips for your Ontario holiday.

• **Bicycles.** Bicycles are considered vehicles and must obey the same traffic laws. Bicycles are not allowed on controlled access highways. The wearing of bicycle helmets is mandatory.

• **Hitchhiking.** Hitchhiking is not allowed on major (controlled access) highways.

• **Radar Warning Devices.** Radar Warning Devices are forbidden in Ontario, even if turned off and only being transported in your vehicle. Our police may confiscate such devices and fine you as well.

• **Right Turns on Red Lights.** Right turns may be made on red lights unless otherwise indicated. You must come to a full stop at the light, but may proceed with caution if the way is clear.

• **School Buses.** Traffic travelling in both directions (except divided roads or highways) must stop for a yellow school bus when its red lights are flashing and the stop arm is extended.

• **Seat Belts.** Ontario law requires that adults and children over 18 kg/40 lbs in weight wear them. Infants from birth to 9 kg/20 lbs in weight must travel in a rear facing child restraint system. Toddlers weighing 9 to 18 kg (20 to 40 lbs) travel in a front-facing child restraint seat.

• **Speed Limits.** Speed limits in Ontario are in kilometres per hour (km/h). Freeways have a speed limit of 100 km/h (62 mph); the Trans-Canada routes 90 km/h (56 mph). Most other rural highways and country roads have a speed limit of 80 km/h (50 mph). In urban and other populated areas the speed limits generally range from 40 to 60 km/h (25 to 37 mph). Consult the equivalency chart below to familiarize yourself with speeds in kilometres.

• **Streetcar Stops.** Vehicles must remain at a standstill at least two metres (six feet) behind the rearmost door of a stopping or stopped streetcar for the safety of passengers boarding or alighting.

• **Studded Tires.** Studded tires are forbidden on Ontario highways.

• **Windshields and Windows.** Windshields and side-front windows must allow a clear view of the vehicle's interior and the colour cannot substantially obscure the interior.

1 Kilometre = 0.621 Mile (5/8 Mile) 1 Mile = 1.6 Kilometres

# More Information On Camping In Ontario

## Ontario Provincial Parks

There are over 265 provincial parks in Ontario. Provincial means the parks are owned, maintained and protected by the province. Many provincial parks are busy during the peak summer season. The campsite reservation service provided at the more popular parks is convenient and can help you avoid disappointment. Simply make your request well in advance of your arrival date by phone, mail or in person directly to the park, using VISA or Master Card. If you don't have a reservation, all the parks also have sites available on a first-come first-served basis. Reservations are not necessary for day visits.

Reservations are not required during the fall season, or at many Northern Ontario parks.

Some provincial parks accommodate motor homes and provide electricity. All provincial parks provide a trailer sanitary service. Also, all parks have some form of maintained washroom facilities. Food and other necessities can usually be purchased within the park or nearby. Pets are allowed in provincial parks provided they are on a leash not exceeding 2m (6 feet) in length.

**For more information on Ontario's provincial parks and recreational areas, phone, write or visit:**

Natural Resources Information Centre  
Macdonald Block  
Room M1-73  
900 Bay Street  
Toronto, Ontario  
M7A 2C1  
Telephone: (416) 314-2000

To alleviate overcrowding on canoe routes and hiking (backpacking) trails in major canoeing parks such as Algonquin, Quetico, Killarney and Frontenac, daily quotas on the number of people entering the interiors of these parks have been established. In these provincial parks, it is now possible to reserve an interior permit ahead of time. Also, to reduce unsightly litter and to help preserve their outstanding beauty, cans and bottles are banned in the interior of these parks as well as Lake Superior, where interior camping permits are available on a self-serve basis. Cans and bottles are permitted, however, in organized car campgrounds.

**Campsite Vacancy Reports.** To find out if sites are available, campers can phone the Campsite Vacancy Reporting Service before embarking on a trip. In operation from mid-June to Labour Day, this service provides a daily estimate of the number of campsites unoccupied in 55 parks.  
Telephone (416) 314-0998 or 1-800-ONTARIO.

## Operating Seasons

In Southern Ontario, most provincial parks are in full operation from mid-May until the Labour Day weekend; in Northern Ontario from early June until the Labour Day weekend, and possibly earlier.

When a park is in full operation, complete facilities and services are provided. These vary among parks and include comfort stations, showers, laundry facilities, electricity, firewood, garbage collection, running water and visitor services programs.

Provincial parks never really close and visitors are welcome during the off-season. Few facilities are maintained, but vault privies are generally open, fireplace grates are available and fees are generally collected through self-serve registration. Although some parks may be gated to prevent vehicular entry, all parks are accessible to pedestrians from sunrise to sunset.

Winter camping is allowed in some provincial parks, but it is important to note that most are unsupervised and facilities are limited. Some parks offer cross-country skiing as well. More information can be obtained from the Ministry of Natural Resources.

## Crown Land Camping

There are some regulations about Crown or public land that you should know about.

Non-residents of Canada, 18 years of age and older, are required to obtain a permit to camp on Crown lands in Northern Ontario (the area north of the French and Mattawa rivers, from the northwestern to the northeastern borders of the province). These permits are available from most angling licence issuers and from MNR district offices. For further information, contact the local Ministry of Natural Resources district offices throughout Ontario.

## Every Camper Must Prevent Fires!

Campfires must be set on bare rock or mineral soil. An area of at least 1 m (three feet) in width from the outside of the fire must also be bare rock or mineral soil. Fires must be kept under control, tended by a responsible person and be properly extinguished before the site is left.

Restricted Fire Zones - imposed in times or areas of serious fire danger - mean that no person shall start a fire outdoors for the purpose of cooking or obtaining warmth, except in a portable stove or charcoal installation.

Restricted Travel Zones also are imposed in times of severe fire danger. Forest travel is not permitted in these zones except under the authority of a Forest Travel Permit. Check with the local Ministry of Natural Resources office for current information on restrictions in each area.

**Smoking.** No person shall smoke while walking or working in a forest woodland during the fire season. It is an offense to drop or throw unextinguished smoking material in or within 300 m (1,000 feet) of a forest or woodland. And remember - responsible smokers sit down to smoke.

Trailer size limits for Ontario highways:  
Maximum length 14.65 m (48 feet)  
Maximum height 4.15 m (13.6 feet)  
Maximum width 2.6 m (102 inches)

Maximum length:  
Car and trailer-23 m (75.5 feet)  
Semi-trailer-14.65 m (48 feet)  
Trailer-12.5 m (39 feet)

If a vehicle is non-commercial such as a motorhome, its overall maximum width is 2.6 m (102 inches), including side mirrors. It is against the law to transport anyone in a house or boat trailer when it is in motion.
